Subject: Re: 'Regulation of Retail Forex' RIN 3038-AC61

Dear Secretary:

I've just been informed of the proposed regulation, which as I understand it, states: "leverage in retail Forex customer accounts would be subject to a 10-to-1 limitation," meaning I would be allowed a maximum leverage amount of 10:1 Forex traders in the U.S.

Without being disrespectful, when will government people finally stay out of private individuals business. Whether, as a result of leverage, I make a fortune or lose my home, what business is that of yours?

This is just another example of government's attempt to further control the actions and lives of individuals and, I VEHEMENTLY OBJECT TO SUCH NEEDLESS, SENSELESS REGULATION!!!

Please do your job, whatever that may be that we tax payers are funding, and stay out of my life and my decisions affecting my investments.

Thank you from a very upset citizen and US taxpayer,

Richard De Rose
