**Subject:** 10:1 leverage proposal by the CFTC \*\*\*\*MUST BE STOPPED!!!

---

To whom it may concern,  
regarding the 10:1 leverage proposed by the  
CFTC, As a small retail trader i feel  
this regulation/requirement will severely  
handicap the profit potential of many "small  
business traders" brokers and will force many  
to seek offshore brokers.

I ask that you consider the small business  
traders ability to operate under such  
ristrictions. The elimination of retail traders  
will increase price volatility and tighten overall  
market liquidity which will have a negative  
effect on all market participants..

Please reconsider this proposal.
